Widespread Reform – Little Progress

- A decade of the “Completion Agenda”
- Institutional and sector student outcomes have not improved
- WHY?

25

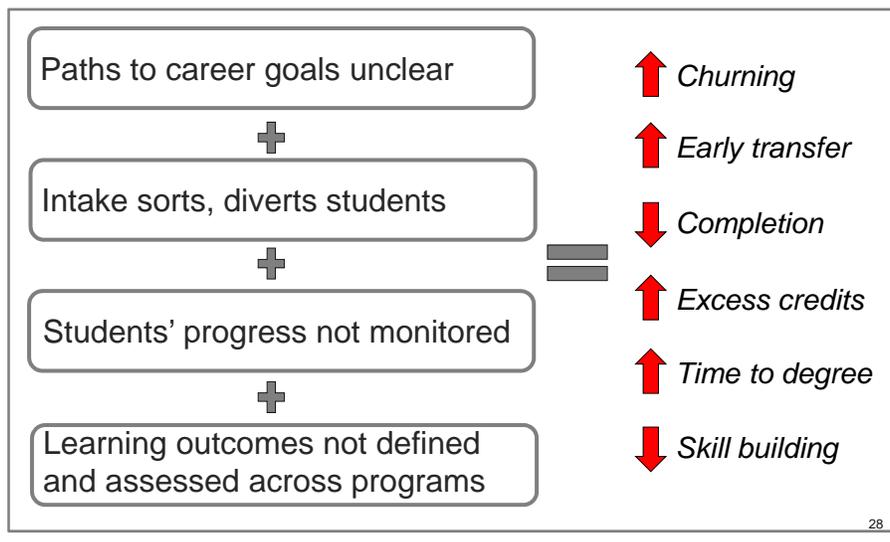

26

Problem with the Structure of Community Colleges

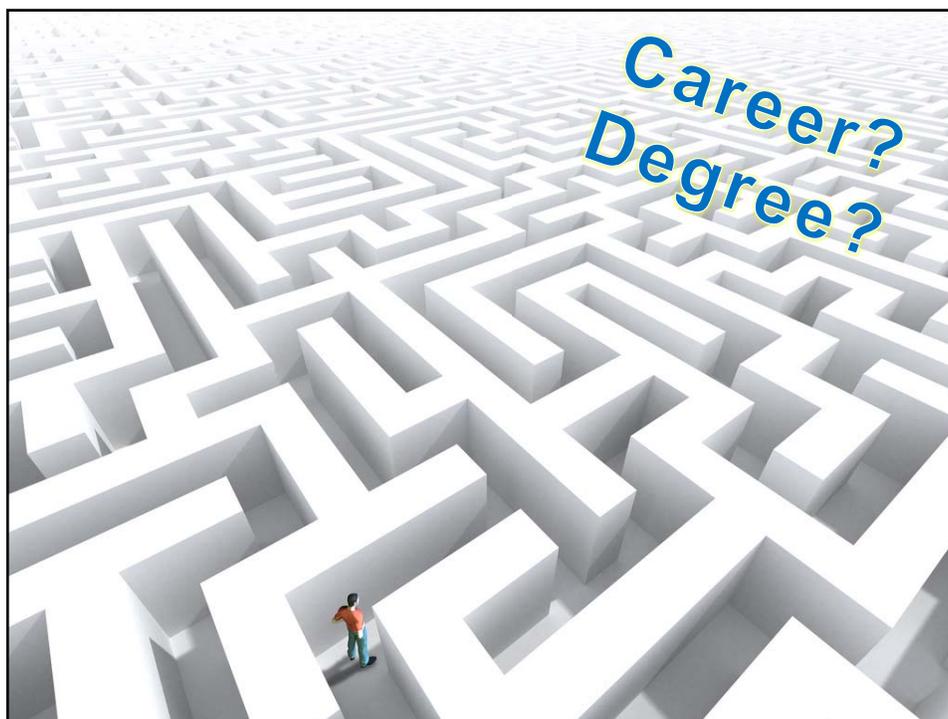

- Reforms too small or narrowly focused
 - Reforms not scaled
 - Reforms limited to one segment of student experience
- Colleges built to promote enrollment—Self Service or Cafeteria Model

We tracked **720,000** community college students who started in the fall of 2007 in pursuit of a college credential

Only 100,000 earned a bachelor's after 6 years

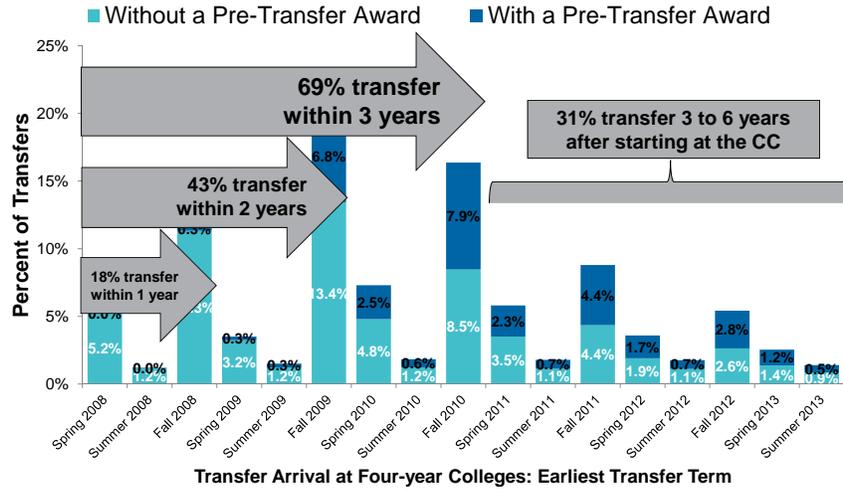

Too few students manage to make the leap

Just **33%** of students who started community college in fall of 2007 transferred to a four-year school

Even when they transfer, we're still failing them

Barriers to Transfer Success

- A majority of transfer intending students never transfer
- Lack of early momentum
 - CC students accrue college credits more slowly
- Lack of clear paths to transfer
 - No well-trodden path, early transfer the norm
- Loss of credits
 - Less than 60% transfer most of their credits; 2.5 times more likely to complete bachelor's
 - CC transfer graduates have more excess credits
