PROFESSIONAL DEVELOPMENT (PD)

Engage a subject matter expert or trainer to help advance, train, upskill, or facilitate workshops, discussions, or other supports at the college. **PD is customizable and structured to meet the college's unique needs.**

This could be national, state, or college providers on any topic, like guided pathways, student engagement, strategic enrollment management, leadership development, etc.

EXAMPLES OF PD SUPPORT

- Ongoing support to faculty and deans on developing and writing program learning outcomes and program mapping
- Workshop to faculty and staff on diversity, equity, and inclusion within the context of academic advising
- Sub-grant to support deeper exploration of strategic enrollment management
- Evaluation to assess different student success technology platforms
- Webinar to faculty on open educational resources and online learning
